They feel we should revoke the SUP. Jim and Rhiannon discussed the positive things people in the community have been telling them. Things like the number of people that are able to work at the dragstrip, and how the Wilson Talent Center has partnered with the Dragstrip with an automotive class and has a club with cars at the drag way. Scholarships have been given to students from a high school/collage day at the dragstrip. Northern Ohio University has also worked with the Dragway and given scholarships. Discussion followed on how to deal with this issue.
